

Activities Supporting Examinations in Emerging Economies

JAMA holds technical briefings on Japanese automotive technology for local patent examiners to assist in improving the technical knowledge of patent examiners in the patent offices of emerging economies and to promote the administration of patent examinations.

Overview of technologies covered during technical briefings:

- Motorcycle technologies
Basic structures (vehicle bodies, engines) / Safety technologies (e.g., traction control, self-balancing technology) / Environmental technologies (e.g., EVs)
- Automobile technologies
Environmental technologies (HEVs/PHEVs/EVs/FCVs) / Safety technologies (e.g., vehicle active stability control) / Autonomous driving and connectivity technologies

Patent offices of emerging economies visited in 2016

Intellectual Property Corporation of Malaysia [December 6]

Director General of Intellectual Property (Indonesia) [December 7]

Intellectual Property Office of Singapore [December 8]

Intellectual Property Corporation of Malaysia

Director General of Intellectual Property (Indonesia)

Intellectual Property Office of Singapore

Patent offices of emerging economies visited in 2017

Indian Patent Office [December 11]

Department of Intellectual Property (Thailand) [December 12]

Taiwan Intellectual Property Office [December 15]

Indian Patent Office

Department of Intellectual Property (Thailand)

Taiwan Intellectual Property Office

Patent offices of emerging economies visited in 2018

National Institute of Industrial Property of Brazil [October 23]

National Institute of Industrial Property of Argentina [October 26]

National Institute of Industrial Property of Mexico [October 29]

National Institute of Industrial Property of Brazil

National Institute of Industrial Property of Mexico

Patent offices of emerging economies visited in 2019

Indian Patent Office (Delhi) [December 2]

Indian Patent Office (Chennai) [December 4]

Indian Patent Office (Mumbai) [December 6]

Director General of Intellectual Property (Indonesia) [December 10]

Indian Patent Office, Chennai Branch

Director General of Intellectual Property (Indonesia)
